Elite Series® Wall Mount Garage Door Opener

## Wall Mount Design: The Simple Beauty of an Open Space

### Connectivity

**MyQ® technology** enables you to securely monitor and control your garage door opener and houselights with your smartphone, tablet or computer.

**Alerts** can be received as email or pop-up (push) notifications on your mobile device so that you always know the status of your garage door and houselights.

**MyQ mobile app** is a free download requiring no annual activation fee.

### Performance

**P3™ Motors** from LiftMaster® are reliable, durable and powerful – designed specifically for your needs

**Ultra-quiet** eliminates sound and vibration through the ceiling – perfect if you have a home with a room above or next to the garage.

**Wall mount design** frees the garage ceiling of hanging operators and rails and opens up the space for additional storage – ideal for cathedral or obstructed ceilings.

**Remote light** delivers 200 watts of light with adjustable light time delay.

**Lifetime motor** and 5-year parts warranty.

### Security

**Security+ 2.0™** safeguards your household – with every click a new code is sent to the garage door opener so that the door opens only for you.

**Alert-2-Close** warning system provides audible and visual warnings when the garage door is about to close when using MyQ technology or Timer-to-Close.

**Motion detector** activates the garage door opener lights as soon as you walk in so no more fumbling in the dark.

**The Protector System®** has safety sensors that project a light beam across the garage door opening automatically reversing the door if anything interrupts the beam.

**Power Lock Deadbolt** ensures the door cannot be forced open.

To reduce the risk of injury to persons - When the LiftMaster® Internet Gateway is used with garage door openers, the operator must be installed with sectional doors.
