

COASTAL IMPACT SERIES

Born for life on the coast.

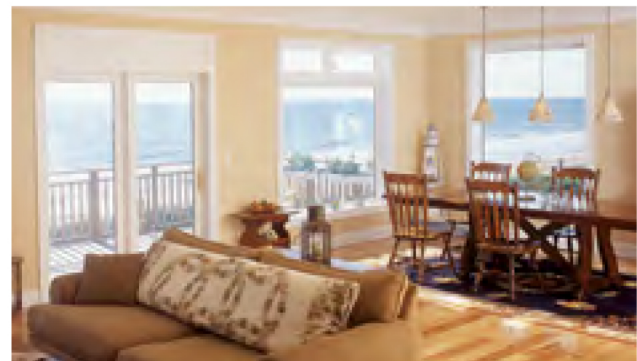

Made for coastal living.

At Simonton, we believe your coastal windows and doors should do more.

- › **Storm Protection** Coastal Impact Series windows and doors offer proven impact protection
- › **Noise Reduction** Their transparent interlayer helps filter unwanted outside noise
- › **Increased Security** Because they're impact-resistant, Coastal Impact Series windows and doors are very difficult to penetrate—helping to deter intruders
- › **Peace of Mind** A Double-Lifetime Limited Warranty on StormBreaker Plus products provides comforting peace of mind

“Highest in Customer Satisfaction with Windows and Doors, Four Years in a Row. Tied in 2013.”

We plan for the worst so
you can enjoy the best.

Admire them on a beautiful day and you'd never know just how tough Simonton Coastal Impact Series windows are. But when faced with hurricane-force winds, they're designed to help keep your home's "building envelope" intact. So, they could help save your belongings and even your home.

Advanced missile testing ensures that Simonton Coastal Impact Series products meet or exceed standards for impact-resistance.

StormBreaker Plus windows are tested and certified to meet the AAMA standards for (HVHZ) and Miami-Dade and Broward County specifications for the Florida Building Commission and meet the Texas Department of Insurance evaluation for the Texas Coast.

COASTAL IMPACT SERIES

Protection you
can't see. Beauty
you can't miss.

Simonton's Coastal Impact Series windows and doors feature an invisible vinyl interlayer that will remain intact when struck with force and remarkably strong profiles. Yet they provide the beauty of traditional windows. After all, they may never have to take an impact, but we believe they should always make one.

StormBreaker Plus products feature reinforced profiles for added strength.

Impact-resistant, laminated glass features a durable interlayer that will remain intact when struck with substantial force for constant, "built-in" protection.

We've got you covered.

No matter where you live, Simonton has the level of protection you need to feel safe, sound and secure season after season, year after year. Every component of Simonton coastal products is designed with your peace of mind in mind. StormBreaker Plus is approved for HVHZ (HighVelocity Hurricane Zone) and meets the South Florida Miami-Dade and Broward County specifications.

StormBreaker Plus®

Missile D Level Protection—50 ft. per second

- › The highest level of impact protection
- › 24/7 protection without storm shutters
- › Protection against forced entry
- › Helps reduce unwanted noise

Brickmould 600 with SafePoint™ Glass

Missile C Level Protection—40 ft. per second

- › Ideal for areas that require Missile C impact protection
- › 24/7 protection without storm shutters
- › Protection against forced entry
- › Helps reduce unwanted noise

Simonton Non-impact Products

- › Non-impact products that meet required design pressure (DP) ratings
- › Perfect for use in conjunction with storm shutters

You don't have to play it safe with your imagination.

COASTAL IMPACT SERIES

A window for every season.

Simonton coastal products deliver impressive year-round thermal performance. The laminated interlayer in impact-resistant windows and doors also serves as an excellent insulator. And Simonton's premium vinyl provides outstanding energy efficiency.

Every Simonton window and door can be ordered to meet ENERGY STAR® guidelines. Just select the glass package for your climate zone for optimum energy efficiency and comfort.

Glass Packages by Regions

- Northern
- North-Central
- South-Central
- Southern

As an **ENERGY STAR** partner, Simonton Windows® is committed to meeting the strict criteria of the U.S. Environmental Protection Agency and the U.S. Department of Energy to help conserve energy and reduce heating and cooling costs for all our customers.

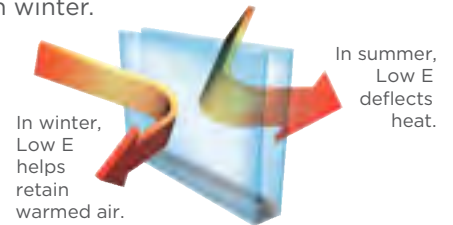

Keeping your home secure every day, impact-resistant glass features a strong interlayer that will remain intact, even when struck with force from wind-borne debris or an intruder.

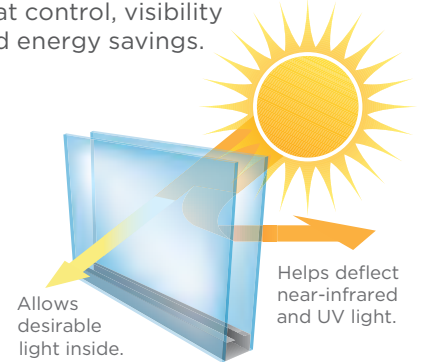

GLASS PACKAGES TAILORED TO YOUR CLIMATE.

ProSolar® Low E Glass helps retain cooled air in summer and warm air in winter.

ProSolar® Shade is an advanced spectrally selective glass that blocks damaging UV rays while allowing desirable light into the home, providing the ultimate in solar heat control, visibility and energy savings.

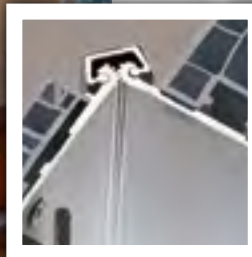

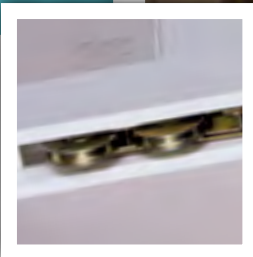

Open the door to peace of mind.

Simonton's Coastal Impact Series Patio and Garden Doors allow you to enjoy the world while protecting you from it. The highest levels of impact-resistant performance, advanced energy efficiency and room-opening style provide peace of mind, comfort and savings.

PATIO DOOR

Corrosion-resistant rollers and sill track provide smooth operation for the life-time of the door.

GARDEN DOOR

A full-length anodized aluminum fixed geared hinge helps keep the door aligned and virtually eliminates panel sag. (*StormBreaker Plus only*)

COASTAL IMPACT SERIES

Designed to weather life.

A. Storm Protection, *Plus*

Impact-resistant glass features a durable interlayer that will remain intact when struck with flying debris to protect the home's pressure envelope.

Peace and Quiet

The sound-dampening interlayer provides a 50% sound reduction and reduces unwanted outside noise.

Safe and Secure

Laminated glass is difficult to penetrate, deterring would-be intruders.

Sun Shield

Laminated glass filters much of the sun's damaging rays that can fade furnishings, carpet and artwork.

B. Thermally Enhanced

The insulating glass unit provides excellent thermal performance for year-round comfort and energy savings.

C. Built-in Strength

Fusion-welded frame and sash increase weather resistance and durability, while the reinforced profiles add to the structural integrity of the window.

D. Weatherability

Vinyl has excellent insulating properties and can stand up to extreme weather conditions year after year, while requiring virtually no maintenance.

E. Water Diversion

Simonton's sill design moves water quickly away from your home.

F. Trouble-free Operation

The stainless steel constant force coil spring balance system allows the sash to raise and lower smoothly, ensuring a lifetime of trouble-free operation.

G. No Hassles

Premium vinyl requires virtually no maintenance to look beautiful for a lifetime.
